Italian delegation recently visited Macedonia at the initiative of the Minister for Foreign Investments, Jerry Naumof, in order to realize the potential investment projects. The delegation was composed of representatives of Italian companies in the textile industry, agriculture, manufacturing sector and information technologies.

Representatives of these companies specialize in corporate mergers and acquisitions, and investment abroad and work with the best Italian associations and chambers of commerce. Have their offices in Rome, Milan and Palermo.

Ivan Behar, owner of advokatskoto studio in Milan "Legale Behare" which specializes in providing external consultancy for the second visit to Macedonia in cooperation with the Minister Naumof opened an office in order mediation with Italian businessmen to open or expand its business in Macedonia. It works for companies in the field of information technologies company that is a manufacturer of safety equipment, that will develop cardiac medical tourism development projects in the energy company and is engaged in research, design and engineering.

According to the Behar, Italian companies are committed to investing in Macedonia for the competitive cost of doing business, educated workforce and logistical advantage. Italy is close to Macedonia, easily accessible by regular air connections. Business-friendly environment in Macedonia is a great relief compared to the Italian business environment based on increased taxes and tightened regulations.

Italian officials planned investment projects in Macedonia recognizing pro - business advantages that Macedonia offers. Next month anticipate several companies to visit Macedonia would like made up their minds on the choice of location.

The visit of the Italian delegation included a visit to the technological industrial development zones and also a meeting with the director of TeknoHoze. These days were made and meetings with representatives of the Ministry of Agriculture, representatives of the Agency for Promotion of tourism where tourism potentials were presented Macedonia's visit was achieved successful IT company and visit the renowned legal, accounting and management consulting firms.

Naumof Minister and his cabinet are also working with other fast-growing small and medium-sized Italian companies set up businesses in Macedonia. These investment projects will hire excellent workers with above-average wages, and will also create knowledge transfer.
